The above prices are for single colour only. If 2 or 3 colours are required, multiply prices accordingly.

These prices only apply to Flightcases and Poly Transit Cases. Pantone colours (excluding white) for padded bags will incur an extra cost of £40 per colour due to the requirement of special 2-pack ink which is not held in stock.

The appropriate artwork must be supplied preferably the size of the logo required. The resolution must be a minimum of 240dpi in .tif, .jpg, .psd or .eps format. Images must be separated when multicoloured logos are required.

It is not possible to print graduated colours (colours that fade from one to another)

Prices do not include Vat.
